Annual August Fête

Nantucket Preservation Trust (NPT) is a 501(c)3 non-profit organization with a mission to preserve, protect, and promote Nantucket's architectural heritage and unique sense of place.

NPT is the island's preservation advocate - we research historic homes and share information with the public to inspire stewardship of the island's historic resources. Our House Marker program shares historic information about over 220 individual buildings with the Nantucket community, and we have researched over 100 homes for House History Books and pamphlets. 26 Nantucket buildings are forever protected by Preservation Easements held by NPT. We sponsor important research, including a recent feasibility study on architectural salvage and building materials reuse.

The Annual August Fête

- NPT's largest fundraiser is the Annual August Fête. Held in a different location around the island each year, the Fête offers attendees a unique opportunity to tour inside well-preserved historic homes, most which are not typically open to the public.
- More than just a cocktail party, the Fête is an elevated block party with delicious food and libations, live music, and a chance to peek behind closed doors and see the possibilities of preservation up close.

2019 August Fête

2017 August Fête

2023: India Street *Thursday, August 10*

The 2023 Fête will be held on India Street, in the heart of downtown, surrounded by spectacular and varied architectural gems built in the height of Nantucket's seafaring days for daring master mariners and enterprising whale oil merchants, by skilled housewrights and masons.
